"Waste Another Day"

What a day to sleep in
what a day to waste the hours one by one
What a day to sit down
and do absolutely nothing in the sun

We are young and unafraid
we are free to be relentless
so let's have a little fun
We are young and underpaid
but let's go out and waste another day

Later on we'll escape
we'll forget about our worries for a while
Then, at night we'll go out
and we'll dance the streets until the
morning comes

We are young and unafraid
we are free to be relentless
so let's have a little fun
We are young and underpaid
but let's go out and waste another day

We are young and unafraid
we are free to be relentless
so let's have a little fun
We are young and underpaid
but let's go out and waste another day

Another day
Another day
Another day
