Once upon a time

There was a family

Singing through the streets of Europe

Singing their dear heart-songs

Chorus: They went with open heart to every corner

Every street, every land, every town through Europe

Then came along a young man

Saying what can I do

To help you through

To help you through my dear Europe

He came through the rain

Through the storm, through the sorrow

Through the hard times we had

The prince of Europe

Chorus

So he knocked on the door

The door of my heart

He won my heart, he won my love

And my fidelity, my prince of Europe

So here I am

Your wife forever

I'm on my knees

I promise you love

I promise you love with full fidelity

My prince of Europe

Chorus
