I really love I really love you

I really love you again

I really love I really love you

I really love you again

I really love I really love you

I really love you again

I really love you I really love you

I love you more than a friend

Won't you be so kind

With so much love to find

Como un hermano como una hermana

Mi compa era mi amor

Te necesito te quiero tanto

Quiero sentir tu calor

She's to me so kind

Like a candlelight

With so much love to find

I want you by my side

You, you got me starving

For your love, your love

You, you got me starving

For your love, your love

You, you got me starving

For your love, your love

I really love I really love you

I really love you again

I really love you I really love you

I love you more than a friend

Como una cancion

Que llega al corazon

Como una bella flor

Mi compa era y mi amor

You, you got me starving

For your love, your love

You, you got me starving

For your love, your love

You, you got me starving

For your love, your love

She s to me so kind

Like a candlelight

With so much love to find

I want you by my side

You, you got me starving

For your love, your love

You, you got me starving

For your love, your love

You, you got me starving

For your love, your love
