I remember running free as a bird

All through my childhood long years

My memory's sweet as the song in the wind

Of those who took care of me

Chorus:

Home nothing like home

Nothing like a beautiful home

Home nothing like home

Nothing like a baby in mama's arms

Everybody needs and wants a sweet home

These are our human desires

How come some get it and some don't at all

Call it injustice of life

Chorus

Home by the sea

Nothing like a child when running free

Chorus
