I'd walk away with a suitcase full of dreams
My memories on cassette
A window of opportunity remains
Painted shut as your ghost heads
To California

This head is heavy
And this weight on my shoulders
Is more than I can bare
From you

Cause if the morning sky arrives
And the birds can't sing a song
To make you stay where ever we go
Let this song reflect in all we've done

How can you leave?
You leave without me
Well walk away now
From all we've done
To California

We grew up faster than you can see
These rock and roll dreams lead no where
So if this is where you belong
Enjoy your stay

Cause if the morning sky arrives
And the birds can't sing a song
To make you stay where ever we go
Let this song reflect in all we've done

How can you leave?
You leave without me
Well walk away now
From all we've done
To California

How can you leave?
You leave without me
Well walk away now
