"When We Danced"

I can see your face
in the morning sun
feel your body within my soul
Oh you gave me life
but you took my heart
now only your love can make my whole
cause tonight filled with music, with passion, romance
in my heart never had a chance

Chorus:

When we danced
under the summer sky
just two strangers in the pale moon light
we were one for a moment in time
and it felt like you'll always had been mine
when we danced

I can hear your voice in the puring rain
beating gently againts my heart
and i tell myself not to think of you
be the way if i ever start
but i feel my will starts to was away
carry me back to the night

Chorus:

When we danced
under the summer sky
just two strangers in the pale moon light
we were one for a moment in time
and it felt like you'll always had been mine
when we danced

Will i ever feel you in my arms again
I'd like to be with you for one more dance

I remember
you remember

Chorus:

When we danced
under the summer sky
just two strangers in the pale moon light
we were one for a moment in time
and it felt like you'll always had been mine
when we danced

Chorus:

When we danced
under the summer sky
just two strangers in the pale moon light
we were one for a moment in time
and it felt like you'll always had been mine
when we danced

Feel you in my arms again

Wanna feel you in my arms again

I'd give my life to be with you
