[Bionic]

You got a friend

You got a friend

Chorus: Bionic & Storm

All you need to know is you got a friend

Even there and by

Right til the end

If I travel, I know I can depend

Cause

All I need to know is I got a friend

(Verse 1)

[Kev Nish] Baby, let's cruise with the radio tunes

You know the best times come when there's nothin' to  
do

It's rare that a pair get a minute or two

So I cherish every second with a girl like you

Ain't nothin' like a home girl down for the ride

Nothin' like a home girl down for life

Baby, be my love, you could be my Left Eye

Be my umbrella through the rain or shine

[J-Splif] When I'm out of state, I know you rep me (Rep  
me)

Ain't no other woman would accept me (Right)

A man's only true has its option

But I keep it real, home girl

Cause I got you (I got you)

[Prohgress] When you feel my hand down your back,  
you got a friend

When you put me on the right track, you got a friend

When I show the love right back, you got a friend

Damn, it feels good to know, I got a friend

Repeat Chorus

[Verse 2: Lil' Rob]

When things get a little shaky like a can of Crylon

You need a shoulder to cry on, need someone to rely  
on

I want you to know when, you need a friend

I'm  
Definitely a friend you can depend on  
You can depend on me  
Like my name was Smokey  
So when things don't seem to be going your way  
And nothin' seems to be going right (Goin' right)  
Upon to be the man that'll brighten your day (Brighten  
your day)  
And turn your darkness to light (To light)  
I'll be around and turn your frown upside down  
Permanently  
Because you been a good woman to me  
You deserve the best and nothing less  
For the best is what you get  
And all my respect (And all my respect)  
What'd you expect?  
You got my palabra  
All the way til the end  
Baby doll, you got yourself a friend

Repeat Chorus

[Verse 3: Baby Bash]

I'll always be your player potna, in and out the hot tub  
Always steak and lobsters, smokin' on them choppers  
Pimpin' through the boulevard, back to the avenue  
Good vibe attitude, I ain't even mad at you  
Matter of fact, that song's filled with some graditude  
I just appreciate the time that I had with you  
Now I'm in and out your life like a robbery  
Got me on the road, til I'm gettin' paid properly  
And I can tell that you're still so proud of me  
An ache that never get your corazon out of me  
So lil' mamma, I'm a always be your handyman  
Give me a call when I'm a ready for some Candyman

[Bionic]

Oh yeah  
I've got a friend  
You got a friend  
I got a friend

Repeat Chorus

[Bionic]

You sing with me  
Oh, na-na-nah  
Oh, na-na-nah, nah
