Chorus

Don't you know a lady when you see one
Don't you know a lady when you see one
Well now you've seen one
Hey now you've seen one

She aint a rich kid
But from her head down to her toes she's class
She never had a
Good education, but she sure learned fast
Yeah she sure learned fast

Chorus

Aint it amazing
Looks like a princess, she don't need no crown
She always made thoughts, rags on her back
Look like a Dior gown
Like a Dior gown

Chorus

Here she comes, walking down the street
Here she comes, talk about a treat
Here she comes, your about to meet
A lady, yeah !

Chorus

Don't you know a lady when you see one (Repeat till
fade)
