Face, face, face
Face, face, face

I put my face, my face to the window
I took a look through a crack in the blind
Then I could see she wasn't alone
I wasn't sure what I wanted to find

Chorus
Face, face
Face at the window
Face, face
Opened my eyes
Face, face
Face at the window
Face, face
Opened my eyes

She saw my face, my face at the window
She didn't show any shock or shame
No trace of surprise, no emotion
She was so locked into her love games

Chorus

Face, face, face
Face, face, face
Now I want to forget her
Gonna get out and find somebody new

I put my face, my face to the window
'Cross the room was a chain reaction,
She stood up and walked to my window
Her smile, her attraction for....

My face, face, face
Face, face, face
Face, face, face
Face, face, face

Chorus
Face, face, face (Till Fade)
