See the girl sitting over there with the long brown hair
Just one look and that's all it took, I gotta talk to her
I want her to love me, I want her to need me
'Cause I'm feelings right and tonight's the night
I?m gonna see how must she really cares

'Cause I?m getting in the mood for love
Getting in the mood for love
Getting in the mood for love
Getting in the mood for love, for love

We're together walking down the street, she's looking
so complete
Painted lips and her fingertips, you know she can?t be
beat
I know that she love me, yeah, I know that she needs
me
'Cause she's alright when I hold her tight
And I know how much she really cares

'Cause I?m getting in the mood for love
Getting in the mood for love
Getting in the mood for love
Getting in the mood for love, for love

Getting in the mood for love
Getting in the mood for love
Getting in the mood for love

Getting in the mood for love
Getting in the mood for love
Getting in the mood for love

Getting in the mood for love
Getting in the mood for love
Getting in the mood for love
