I packed the bag
Said I'm leaving here
As I moved on
Turning, no waving hands
I should have known better
Than to believe that she really cared
But though I know better
When somebody leaves you
It isn't the end of the world

I drew down the blind
Tried to get me some sleep
Oh i felt my eyes close
And the hurt went away
I woke up next morning
And a new day was already dawning
Your my reason for living
You came into my life and you kissed
All my heartaches away

Hold me, hold me
So that I can love again
Hold me, hold me
So that I can love again (Repeat Twice)

You gave me a new start
So I gave you my heart
I'll lay down my soul for you
I'll weave it to gold for you
Don't let me chase rainbows
Cause if you ever leave me
It will be the end of the world

Hold me, hold me
So that I can love again
Hold me, hold me
So that I can love again

Your love has
Set me free
You make me laugh all day
Your love is all I need

No way, well I've found mine

Hold me, hold me
So that I can love again
Hold me, hold me
So that I can love again
