She lives for me, flies like a dove
Into the sky, to the heavens above
And my girl's sweeter than a honeysuckle love
Yea, yea

Her gentle sweetness made me feel so good
Opened my heart like no other could
And my girl's sweeter than a honeysuckle love
Yea, yea

She's my cagey queen
When it comes to love
I would give her the moon
And the stars above

Her sweet caresses made me lose my mind
Nobody else has treated me so kind
And my girl's sweeter than a honeysuckle love
Yea, yea

I saw her move and I felt so fine
I'm in a groove now I know she's mine
And my girl's sweeter than a honeysuckle love
Yea, yea

She's my cagey queen
When it comes to love
I would give her the moon
And the stars above

She's my cagey queen
When it comes to love
I would give her the moon
And the stars above

She's my cagey queen
When it comes to love
I would give her the moon
And the stars above
She's my cagey queen
