Night after night, thinking about you
Wanting you beside me, no matter what I do
Under a spell, over the line
Something's got a hold on me
Gonna make you mine

Hypnotised
Everytime I look into your eyes
I can feel all the magic inside
You got me hypnotised

Ya got me (Hypnotised)

Love me tonight
Baby don't make me wait
Wrap your arms around me
Don't you hesitate
Can't help myself, can't break away
There's no way I can resist you
I just gonna stay

Hypnotised
Everytime that I look in your eyes
I can feel the magic inside
You got me hypnotised

(Hypnotised) (Repeat at various stages till fade)
