Ralph Siegel/Fred Jay

You took a walk, left me high and dry  
you disappeared, never said goodbye  
we had a love that was meant to last  
How could our love slip away so fast  
Here goes a fool that can't live without you

It's lonely out there  
Away from you  
It's lonely out there  
Since we've been through  
Lonely, just like thunderous spaces  
Lonely, without your sweet embraces  
Lonely out there  
Lonely

When did it end  
When did it start  
When did I know  
I'd lost your heart

You took a walk, left me high and dry  
You disappeared, never said goodbye  
We had a love that was meant to last  
How could our love slip away so fast  
Here goes a fool that can't live without you

It's lonely out there  
Away from you  
It's lonely out there  
Since we've been through  
Lonely, just like thunderous spaces  
Lonely without your sweet embraces  
Lonely out there  
Lonely

Lonely out there  
Away from you  
It's lonely out there  
Since we've been through
