Looking for starlight  
The lady made it alright  
She was the lady  
And I knew right from the start

Sweet lady starlight  
Come on and make it tonight  
You turn it on so easy  
And the lady is my lady starlight

Sing, the song should be sung  
And love can be the voice  
The tears in my eyes, I'm crying tears of joy  
When you say I'm your boy

Looking for starlight  
The lady made it alright  
She was the lady  
And I knew right from the start

Sweet lady starlight  
Come on and make it tonight  
You turn it on so easy  
And the lady is my lady starlight

Time slips right on away  
But why should I care what people say  
I will watch over lady starlight  
Looking for starlight

Dance, she dances a ballet  
And Rudi is the king  
I laugh when she's happy  
The power's in my hands  
And I must be a man

Looking for starlight  
The lady made it alright  
She was the lady  
And I knew right from the start

Sweet lady starlight

Come on and make it tonight  
You turn it on so easy  
And the lady is my lady starlight
