I've been in every town I've stood on every stage Still the crowd comes in to join the show And when the light shines bright On me for you The time has come and everybody knows If you're standing in the front Or you're standing in the back You can feel something happening Are you ready? Are you Ready? Are you ready? Let's go!

Let's go - if you really wanna do it now Let's go - and get down to it now Let's go - and get some satisfaction and Let's go - 'cause you're the main attraction so Go-go-go-go!

Time turnes the age The years go by Still the songs you hear, oh why There must be something in the melody That keeps us here I think I know why If you're standing in the front Or you're standing at the back You can feel something's happening Are you ready? Are you ready? Are you ready? Let's go!

Let's go - if you really wanna do it now Let's go - and get down to it now Let's go - and get some satisfaction and Let's go - 'cause yo $\tilde{A}f\hat{A}f\tilde{A},\hat{A}^1$ 're the main attraction so Go - go - go - go - !

Goooooooooooo! Are you ready? Are you ready? Are you ready? Let's go!

Let's go - if you really wanna do it now Let's go - and get down to it now....
