Infinity

Like time without a friend

Who sing the song if melody should end

You're dead my friend

Lost angels come and take control

Lost angels gotta keep on

Hold on

Hold on

Hold on

Gotta get on back to the love in the street

Gotta get down 'cause I'm dead on my feet

Gotta get on back to the love in the street

We're lost angels

Listen to the way to rock 'n' roll

Insanity

I can feel the knives inside my brain

I stand alone at the threshold of my pain

Lost angels come and take control

Lost angels gotta keep on

Hold on

Hold on

Hold on

Gotta get on back to the love in the street

Gotta get down 'cause I'm dead on my feet

Gotta get on back to the love in the street

We're lost angels

Listen to the way

I'll see now all my friends inside my life

Appeared before my eyes

And returning to space to see myself disappear

Lost Angels come and take control

Lost Angels gotta keep on

Hold on

Hold on

Hold on

Gotta get on back to the love in the street
Gotta get down 'cause I'm dead on my feet
Gotta get on back to the love in the street
We're lost angels
Listen to the way

Gotta get on back to the love in the street
Gotta get down 'cause I'm dead on my feet
Gotta get on back to the love in the street
We're lost angels
We're lost angels
We're lost angels
