Chorus

I got myself some new shoes
To walk away from my blues
I got myself some new shoes
Got no time for bad news in my new shoes

You, you where the one
I was a young man
You where temptation
Dreams of you every night
Change when i turn on the light
Don't give me those love sleepness nights anymore

Chorus

Times, are left behind
Now i'm a changed man
A new sensation
Circules are turning around
I'll keep my feet on the ground
Now that i found what it's like to free

Chorus (Repeat Twice)

New Shoes, new shoes, new shoes, green door
