All I wanna do is play all night for you
If the system blows the fuse
It ain't gonna make the national news

All I wanna do is play all night for you
If the system blows the fuse
It ain't gonna make the national news

Your old man sees where you gonna go
'Cause you can't go far, said I'm going downtown
To see some rock and roll in my boyfriend's car

I listen to the radio hot cuts from the show
One night in town, I wanna be around
To hear the band say

All I wanna do is rock and roll with you
If the system blows the fuse
It ain't gonna make the national news

All I wanna do is rock and roll with you
If the system blows the fuse
It ain't gonna make the national news

Then she took off her shirt and she threw it to the stars
Said it gotta be the grass, some young thing
With a fake ID and a backstage pass

There's nothing she won't do to have her way with you
It's gotta be tonight 'cause tomorrow I'm gone
So you hear what I say?

All I wanna do is play all night for you
If the system blows the fuse
It ain't gonna make the national news

All I wanna do is play all night for you
If the system blows the fuse
It ain't gonna make the national news

All I wanna do is play all night for you
All I wanna do is play all night for you

All I wanna do is play all night for you
If the system blows the fuse
It ain't gonna make the national news

All I wanna do is play all night for you
If the system blows the fuse
It ain't gonna make the national news
All I wanna do is play all night for you
