You go to the girl's school  
And I go to the boy's school  
Both separated by a lollipop man

I must cross the street to  
Get around to meet you  
Therefore I have to pass a lollipop man

Lollipop man, there's a lollipop man  
Who stands in the middle of the street  
(Ain't he sweet?)  
There's a lollipop man, yeah, a lollipop man  
Hey, good golly, there's a lollipop man

Who carries out his duty  
Isn't he a cutie?  
There in the middle with his lollipop pole

Opposite the high school  
Right in front of my school  
He's so incredible, he's really got soul

He won't let the traffic come between us  
(Lollipop man, lollipop man)  
We can be together very soon  
(Lollipop man, lollipop man)

But he will make the traffic stop  
With his giant lollipop  
Looking just a little like a moon man

In a yellow rain coat  
And a pair of gum boots  
There in the midst of an incredible jam

Any kind of weather  
Bringing us together  
There stands a funny little lollipop man

Lollipop man, there's a lollipop man  
Who stands in the middle of the street  
(Ain't he sweet?)

A lollipop man, there's a lollipop man  
Hey, good golly, there's a lollipop man

Lollipop man, there's a lollipop man  
Who stands in the middle of the street  
(Ain't he sweet?)  
A lollipop man, there's a lollipop man  
Hey, good golly, there's a lollipop man

Lollipop man, there's a lollipop man  
Who stands in the middle of the street  
(Ain't he sweet?)  
A lollipop man, yeah, a lollipop man  
Hey, good golly, there's a lollipop man
