When i got back this time
After 5 weeks on the road
I didn't expect to find you living in clover
I wasn't at all impressed by the company you kept
So just like ulysses i rolled them over
Here to stay, an if you wanna stick around ya gonna
play my way
Here to stay, and things will be changing

Chorus
To the heart, let my arrows fly
Straight to the heart
Just like ulysses

Your no penelope your forever outta line
But your my woman, and you bowl me over
You never think of me and ya waste my precious time
The kinda girl who wants to roll me over
Here to stay, and i'm sweeping away what ever gets in
my way
Here to stay, and things will be changing

Chorus

Here to stay, and i'm sweeping away what ever gets in
my way
Here to stay, and things will be changing

Chorus

Ulysses
