Oh woman, don't you do a number on me
Don't you know, I'm the best thing
That you'll ever see

Why don't you make up your mind
Good love is so hard to find
Why don't you make up your own mind

I'm your man
If you want love, that you never had
Gimme the sign
What cha doin' to me's
Drivin' me mad
Why don't you make up your mind
Good love is so hard to find
Why don't you make up your own mind

Why don't you make up your mind
Good love is so hard to find
Why don't you make up your own mind
