

Farewell Hope

"One More Day Into Memory"

This blood on your hands
pulled from my chest
took away my heart
and my power to love
And with stride I will regain everything taken from me
This vice has taken all control
FROM THIS DAY FORTH,
I WILL NEVER BE ABLE TO EVER LOVE AGAIN
THIS IS WHO I AM,
AND YOU NEED TO ACCEPT I CAN NEVER LOVE
So many faces
So many forgotten names
A Life of Fornication
A Life of wasted youth
How can you stand there with my heart and judge me
for what I have done
You are no better than me
