You've been on my mind like an itch that can't be
scratched
But suddenly I'm so much more detached
I thought the only answer was to try to win you back
But suddenly I see that you weren't meant for me

Chorus:

So this is what I was waiting for
The day when I didn't care anymore
The saddest good news I ever knew
The day when I started to forget about you

Well I tried so hard to deal, with the way that I feel.
But this was just a woeful time to heal
Now memories of you, don't bring me any pain
Cause I know the you I thought I knew has changed

Chorus:

So this is what I was waiting for
The day when I wouldn't care anymore
The saddest good news I ever knew
The day when I started to forget about you

Well, it's harder to fall out of love than in
And a loveless fun
But suddenly I see that you weren't meant for me
You're just a memory

You're just a memory
