Don't know where you are  
How near or how far  
Willing to go  
It's time for the show

You learn your part, favorite part  
It's when you're my lover

Don't know where to go  
Production is slow  
Have life as a star  
Contained in a jar

If I lay my head down on your knee  
Pretend I'm your lover

So many things I want you to think  
Think about me  
The things you don't see  
Things we take away

Baby, look at my face  
No one can lie like a lover

If I turn away  
Baby, look at my face  
No one can lie like a lover

All of my life  
It's all in my guy, yeah  
Nothings takes me higher  
Yeah, yeah

Touching the sun  
Is all that I want, yeah  
No one takes me higher, yeah  
No, no

If there's a way  
Out of this maze  
Hand me the key  
I'll set me free

Touching the sun, all that I want  
Is to be your lover

Touching the sun, all that I want  
Is to be your lover, yeah

Touching the sun, all that i want  
Is to be your lover, yeah  
Yeah, yeah

La la la la, oh  
La la la la, oh  
La la la la, oh, oh  
To be your lover

La la la la, oh  
La la la la, oh  
La la la la, oh, oh  
Yeah, to be your lover

La la la la, oh  
La la la la, oh  
La la la la, oh, oh

La la la la, oh  
La la la la, oh  
La la la la, oh, oh  
To be your lover

La la la la, oh  
La la la la, oh  
La la la la, oh, oh  
To be your lover

La la la la, oh  
La la la la, oh  
La la la la, oh, oh

La la la la, oh  
La la la la, oh  
La la la la, oh, oh  
To be your lover

La la la la, oh  
La la la la, oh  
La la la la, oh, oh
