Your shit's in the wind..
Your shit's in the wind..
Your shit's in the w-ind
and you've got the squirts again.
6 min guitar solo
There's corn in it too
you have green poo.
Sing Chorus
6 min acordion/bagpipe duo
Chad Bakken's the man
he has sex with his hand
when his shit's in the wind!
When you think your life's over
and your dog is named Rover
and the cop's pulled you over
and you move to Andover
and you're a sloppy whover
your shit's in the wind.
41 min fat man yodeling solo
