Friend - rouse yourself
Cause the tide has carried me away
There are fraying and knotted ropes for me to blame
But we know better
Why I am all at sea again

So much for California
So long to everything

Friend - as the mercury blooms
So cold inside my chest
Tell my kin of a noble death upon the waves
Beyond all salvage
Barely worth the life and limb

So much for California
I lost my way again

Like an empty promise
A sail becomes a shroud
And the sky is falling down
