Are you ready to give in
You ain't got the power
We all have to give some and this is the hour
Life is giving ain't got the power
You know is so easy .. like a flower

Are you ready to give in
You ain't got the power
We all have to give some and this is the hour
Life is giving ain't got the power
You know is so easy .. like a flower

Are you ready to give in
You ain't got the power
We all have to give some and this is the hour
Life is giving ain't got the power
You know is so easy .. like a flower

Are you ready to give in
You ain't got the power
We all have to give some and this is the hour
Life is giving ain't got the power
You know is so easy .. like a flower
