You know I won't put up a fight  
And I know you're wrong but I'll say you're right  
And it'll keep going down this way  
Because I try to change the rules  
But it's the same old game  
Because you know I'll never leave  
And I know you'll never stay  
God I need to

Walk away, walk away, walk away, but I'll never  
I try and try and try and try  
Walk away, walk away, walk away but I'll never  
I'll never walk away 'cause

I try to take the higher road  
Say easy come easy go  
Because you'll never change you'll never show

I'm addicted to the urgency  
I'm addicted to the chase  
Another dose of you could be the end of me  
But I'm addicted back to you  
I'm addicted to the urgency  
I'm addicted to the chase  
Another dose of you could be the end of me  
But I'm addicted back to you

So welcome to my masquerade  
Where we all gotta lie in the beds we've made  
I know I need to  
Start cutting down on my supply  
I need twelve step program for goodbye  
No excuses, no more lies

I'm addicted to the urgency  
I'm addicted to the chase  
Another dose of you could be the end of me  
But I'm addicted back to you  
I'm addicted to the urgency  
I'm addicted to the chase  
Another dose of you could be the end of me  
But I'm addicted back to you

I'm addicted, I'm addicted, addicted to your love

I'm addicted to the urgency  
I'm addicted to the chase  
Another dose of you could be the end of me  
But I'm addicted back to you  
I'm addicted to the urgency  
I'm addicted to the chase  
Another dose of you could be the end of me  
But I'm addicted back to you

Walk away, walk away, walk away, but I'll never
