Yeah yeah yeah yeah, ga ga ga ga  
Da da da da, woa woa woa woa  
I wanna feel  
Yeah yeah yeah yeah, ga ga ga ga  
Da da da da, woa woa woa woa

I'll be your mother, secret lover, little sister  
I can be anything you need  
Under the duvet you and me play cowboys and indians  
Let me be your chippewa baby

But I gotta feel  
Bold and delicious  
Then gimme some loving  
But make me feel  
Bold and delicious

Gotcha gotcha where I want you  
Gotcha gotcha where I want you (right where I want  
you)  
Gotcha gotcha where I want you  
Gotcha gotcha where I want you  
So don't move

When we play doctor gonna shock you with the feeling  
And my flexibility  
You'll be my spiderman and make this mam say "oh  
god damn"  
This hero has spun a web for me

But I gotta feel  
Bold and delicious  
But gimme some loving  
But make me feel  
Bold and delicious  
Gotcha gotcha where I want you  
Gotcha gotcha where I want you (right where I want  
you)  
Gotcha gotcha where I want you  
Gotcha gotcha where I want you  
So don't move

New bold delish baby, come have a dish of me  
New bold delish baby, that's where it's at  
Yeah yeah yeah yeah, ga ga ga ga  
Da da da da, woa woa woa woa  
New bold delish baby, come have a dish of me  
Yeah yeah yeah yeah, ga ga ga ga  
Da da da da, woa woa woa woa  
New bold delish baby, that's where it's at

Bold and delicious  
That's how I wanna feel, I gotta feel  
Bold and delicious

Gotcha gotcha where I want you  
Gotcha gotcha where I want you (I want you)  
Gotcha gotcha where I want you (you know I got you  
baby)  
Gotcha gotcha where I want you  
Bold and delicious  
You gotta make me feel everyday
