In darkness we are all the same
See the light, stay
Oh, please don't go away

Beauty and the beast we thought
Would never make it through
Good and bad never stopped me from loving you
Your inner beauty, oh, how it set me free
The fear of loving only what outside we see

But inside he hides all his passion might
As he fights inner demons alone at night
Tonight I search deep inside my soul
I know what I feel for you, I can't let go

So, please stay, and please know
That my love is no joke, and I'm strong
And I hope that some day we'll grow old
Unfold the mould of life as we see it
Because your love is needed

Don't go away, you've got to stay
Don't, don't go away
Pick your head up, don't frown
We can survive somehow
Oh, please, don't go away

Please don't go away, my love is here to stay
No matter what they say, my love won't fade away
Today, I sit and pray, is everything okay
Day by day you take my heart away in pieces

No reasons, 'cause I believe in us
You're the one I trust, you gave me love
And never took advantage of my heart
I loved you from the start
Please, don't break my heart just say you'll stay

Don't go away, you've got to stay
Don't, don't go away
Pick your head up, don't frown
We can survive somehow

Oh, please, don't go away

Don't go away

Don't, don't go away

Pick your head up, don't frown

We can survive somehow

Oh, please, don't go away, don't go away
