(Verse 1)

Iâ€™m a love â€™em and leave â€™em
Touch and tease â€™em kinda girl
Iâ€™m the perfect type
For one wild night

Yeah, I suffocate quick
Does that make me a bitch?
I donâ€™t really care, no

Well your roses were sweet
Really swept me off my feet
But I start to choke
When you say letâ€™s elope

Yeah, I suffocate quick
Does that make me a bitch
I donâ€™t really care, no, no, noâ€¦

(Chorus)

Donâ€™t push me so hard, donâ€™t push me so far
Donâ€™t cage me in, donâ€™t tie me down
Donâ€™t push me so hard, donâ€™t push me so far
Donâ€™t cage me in, donâ€™t tie me down

(Verse 2)

Can we take a bubble bath have a drink and a laugh
Enjoy what we have and then leave it to the past

â€™Cause I donâ€™t give a damn
Maybe youâ€™re the perfect man

Thatâ€™s not how this story goes

You can write me fat checks for the diamonds for my
neck
Buy a big fat ring, I prefer Tiffany's

â€™Cause I donâ€™t give a damn
Baby youâ€™re the perfect man
Thatâ€™s not how this story goes

No, no...

(Chorus Repeats)

Don't push, push me so hard
Don't push me so far...no... (2x)

And I'm not trying to be giving you a bitter pill, no !
And I don't wanna make you promises I can't fulfill, no
I...

Don't push me, don't push me, don't push me,
don't push me down
Don't cage me in...oh...
Don't push me - I don't wanna be tied down
Don't push me so hard, yeah, don't push me so far,
no, no
Don't cage me in, come on, don't tie me down

(Repeat Verse 1, Repeat Chorus Out)
