(Verse 1)

In your mind, in your soul, do you hear me
Moving blind, in control, do you fear me
Im the fight in your bones when you're weary
But like a star in the day you can't see me
The angels shut my eyes
But Im still with you inside so
When you close your eyes and pray
Im not too far away

(Chorus)

Everybody has to learn to let go
Even though it's hard some days I know
Everybody has to learn to let go
Lalalalalalalala
Everybody has to learn to let go
Even though it's hard some days I know
Everybody has to learn to let go
Lalalalalalalala

(Verse 2)

You would scream in the night wishing I was there
Lost your faith, mad at God thought he didn't care
All those nights, through the stars I could see you
Did you know when you fell I carried you
The angels shut my eyes
But Im still with you inside so
When you close your eyes and pray
Im not too far away

(Repeat Chorus)

(Bridge)

Can you hear me
Can you hear me, can you hear me,
Can you hear me, do you really feel me
Can you hear me,
Can you hear me, do you really feel me
Can you hear me, do you really feel me
Can you hear me?

I know you loved me, don't cry for me

(Repeat Chorus)
