(Verse 1)

Ive never been the type to carry on like this  
And Ive never been the type to be a sucker for your shit  
So I don't know why do got me going insane  
And I don't know why you think you can just come here  
again

Ooh

(Chorus)

I don't wanna be your fool againno, no  
Im not gonna be your fool againno, no  
I don't wanna be that dumb little girl you're walking on  
again

No I wont be your fool again

No I wont be your fool again

(Verse 2)

Remember that fight

We had last New Years Eve

When I slapped you in the face for calling me a sleaze

Everybody just stared

They thought I was insane

But they just don't know how you got me so wrapped up  
in your game

Oh, God

(Chorus)

I don't wanna be your fool againno, no  
Im not gonna be your fool againno, no  
I don't wanna be that dumb little girl you're walking on  
again

No I wont be your fool again

No I wont be your fool again

(Chorus Repeats Out)
