Life Is So Cool!

I never really try to be positive
I'm too damn busy being negative
Focused on what I get
And never understand what it means to live
I know we all love to just complain
But maybe we should try to rearrange
There's always someone who's got it worse than you

Life is so cool, life is so cool
Oh yeah, from a different point of view
Life is so cool, life is so cool
Oh yeah, from a different point of view

We're all so busy trying to get ahead
We've got a pillow of fears when we go to bed
We're never satisfied
The grass is greener on the other side
We're so distracted with the jealousy
We forget it's in our hands to stop the agony
Will you learn to be content on your side of the fence?

Life is so cool, life is so cool
Oh yeah, from a different point of view
Life is so cool, life is so cool
Oh yeah, from a different point of view

Maybe you're the guy who needs a second chance
Maybe you're the girl who's never asked to dance
Maybe you're a lonely soul
A single mother scared and all alone
Gotta remember we live what we choose
It's not what you say, it's what you do
And the life you want is the life you have to make

Life is so cool, life is so cool
Oh yeah, from a different point of view
Life is so cool, life is so cool
Oh yeah, from a different point of view
