What can I do for you?

What can I do for you?

I can hear you

What can I do for you?

Far beyond the hazy borders of my heart
I could see a place that's something like this
Every now and then I don't know what to do
Still I know that I can never go back

But the things I've seen in those hazy dreams
Can't compare to what I'm seeing now
Everything's so different
That it brings me to my knees

And though I know the world of real emotion has
surrounded me
I won't give in to it
Now I know that forward is the only way my heart can
go
I hear your voice calling out to me:
"You'll never be alone"

What can I do for you?

I can hear you

What can I do for you?

I don't plan on looking back on my old life
I don't ever plan to rely on you
Even if by chance everything should go wrong
You'd come anyway and try to save me

Though from time to time it's an upward climb
All I know is that I must believe
'Cause the truth I'm seeking
Always was inside of me

And when I find the world of
Real emotion has surrounded me
The many things that you
Taught me then will always be enough to

Get me through the pain
Because of you I am strong enough
To know I'm not alone

What can I do for you?
I can hear you

And if I find the real world of emotion has surrounded
me
And I can't go on
You are there the moment that I close my eyes to
comfort me
We are connected for all of time
I'll never be...

And though I know the world of real emotion has
surrounded me
I won't give in to it
Now I know that forward is the only way my heart can
go
I hear your voice calling out to me:
"You'll never be alone"

What can I do for you?
I can hear you

What can I do for you?
I can hear you

I can hear you
