Like a wind that's slowly blowing  
Your breath upon my skin softly comforts me  
Like a dream that keeps you lounging  
I just hear your voice and I'm weak

And I know it's not just passion  
That's touched me so deep  
Even though I try to hide  
Something's changed in me

'Cause we found something sacred  
I'm not scared anymore  
'Cause we found something sacred  
Something we can't ignore

When so many lovers  
Never find each other, I've found you  
'Cause we found something sacred  
So sacred, yeah yeah yeah, and sweet

Like a kiss that keeps you yearning  
When I feel your lips, I start to cry  
Baby, put your hands upon me  
Leave me breathless tonight

I'm alive and unafraid  
Unashamed with you

'Cause we found something sacred  
I'm not scared anymore  
'Cause we found something sacred  
Something we can't ignore

When so many lovers  
Never find each other, I've found you  
'Cause we found something sacred  
So sacred, sacred, oh

Where you moving, oh

When so many lovers  
Never find each other, I've found you

'Cause we found something sacred  
So sacred, yeah yeah yeah, and sweet
