girls talking

Boy, what is wrong with you?
You can't handle me
You don't have a clue
You're crazy
Do you really think
You can take me home
Just buy me a drink
And leave me alone?

Hey, hey, hey
What ya wanna do with me?
Hey, hey, hey
Can ya make me scream?

Ain't strong enough for a girl like me
But ya still wanna take me home
Ain't strong enough for a girl like me
But ya still wanna take me home
You know you can't hang with this wild little thing
But I ain't no silly hoe
Hey, hey, hey
Can you make me scream?

I'm not the mushy type
I like it rough
Cash and corny lines
Just ain't enough
I can rock your world
And play your silly games
You wanna take me home
But you don't know my name

Hey, hey, hey
What ya wanna do with me?
Hey, hey, hey
Can ya make me scream?

Ain't strong enough for a girl like me
But ya still wanna take me home

Ain't strong enough for a girl like me
But ya still wanna take me home
You know you can't hang with this wild little thing
But I ain't no silly hoe
Hey, hey, hey
Can you make me scream?

So you wanna make my every fantasy come true?
I don't think so
