(How can they learn respect, all they see is sex, sex,
sex)

How, how, how...
Shakalaka shakalaka boom.
How, how, how...

One, two, juicy lips
Three, four, watch those hips
Five, six, see that ass
Seven, eight, pay some cash
Nine, ten, spend some time
Anything to make up time.

(How can they learn respect, all they see is sex, sex,
sex)
[X2]

[CHORUS:]

Shakalaka shakalaka shakalaka boom
Shake that ass and rock the room
Shakalaka shakalaka shakalaka boom
Shake that ass and rock the room

Keep it up, flip it down, however you want it
Besides you sayin 'if you got it, you flaunt it'
I guess you forgot about all the the little kids?
All the trash that you're putting in their heads
What's up, what's up, have you lost your mind?
1-900 like it's been your time.
What's it gonna be, heaven or hell?
The choice is yours, but time will tell.

[CHORUS:]

Shakalaka shakalaka shakalaka boom
Shake that ass and rock the room
Shakalaka shakalaka shakalaka boom
Shake that ass and rock the room

How can they learn respect?

Shake it, baby.

How, how, how...

How, how, how...

How, how, how...

How, how, how.

One, two, juicy lips

Three, four, watch those hips

Five, six, see that ass

Seven, eight, pay some cash

Nine, ten, spend some time

Anything to make up time.

(How can they learn respect, all they see is sex, sex,
sex)

[X2]

[CHORUS:]

Shakalaka shakalaka shakalaka boom

Shake that ass and rock the room

Shakalaka shakalaka shakalaka boom

Shake that ass and rock the room

[X2]

(How can they learn respect, all they see is sex, sex,
sex)
