(Intro)

Oh

Im a living testimony, yeah, I wanna beoh

Im a living testimony to whatever you want me to dooh

Im a living testimony, oh, from the bottom of my heart

Im sayingohevery, every, everything

My soul said yes

(Verse 1)

This is not a confession or a lecture on love

This is not about religion; it goes deeper than a touch

Its about faith not built on fear

And the love in someones tears

When they live what they believe

(Chorus)

Ooh ohOoh oh

Do you know, oh, where to go, oh?

Ooh ohdo you know?

Hey, hey, yeah

Im a living testimonyohyeah, I wanna be

Im a living testimony to whatever you want me to do

(Rap Verse)

There's more to life than what you got, flip gripping  
obtain

People chasing after money and material things

We don't value the spirit the same

I see at times it's a shame

How we refrain from our spiritual gain

And we don't wanna talk about no biblical thing

We don't wanna talk if you're not feeling the same

But if you're feeling the pain

Let a higher power come and lift the distress

Testimony manifested in flesh, can you feel that?

(Repeat Chorus)

(Verse 3)

We waste our time with anger

We waste our thoughts with blame

We waste our hearts with fighting and never  
understand the pain

Lets open up and she'd our skin

Go back where we begin

Before the fear and shame

(Repeat Intro, Repeat Chorus)

Hey, I know I can make it through  
But everyday, I know I can make it through (3x)  
Yeah!
