#### Verse One:

The only time I drink a 40  
is when I wanna drink a 40  
and usually when I wear a suit  
I leave with not one but two  
I'm not trying to hurt nobody  
You only live once they told me  
You can't be mad at me  
I can just be "G"

#### Chorus:

Even though I got my own CD  
Maybe even on TV  
There ain't no changing me  
I can only be me me me  
Even though I might be on TV  
cause I got my own CD  
All you will ever see  
same ol' "G"

#### Verse Two:

I used to be the main one clubbin  
but now I choose to stay at home  
Most of my friends still thuggin  
This time the "G"s full grown  
I'm thinking 'bout my future latley  
Whatever that may be  
But now it's clear to me  
I can just be "G"

#### Chorus
