I saw your picture in the paper today  
I was impressed but I wouldn't not say  
You are the queen of the USA  
You always save it for the end of the day  
I wouldn't die, wouldn't die for you  
The good you're doing but I'm feeling blue  
I know you're nimble and your heart seems true  
I can't help thinking that I feel for you, for you

Bunt now I know that I have done wrong  
I wish I looked, I looked so young  
As your skin, so pale and you're thin  
Give me your skin for dancing in  
Give me your dress, you shoes and your hair  
I'm going down, I'm going down there  
Where the people will see how fair  
I look tonight in your shoes and your dress and hair

You are the queen of my world  
Why on this earth wasn't I told  
We're gonna live forever  
We're gonna fail to weather

Why on this earth wasn't I told  
I'll never fold my uniform  
We're gonna live forever  
We're gonna die together

I saw your sister in the pictures today  
I think shes pretty but i wouldn't not say  
You are a beauty queen you're miss universe  
But when i see you girl it makes me feel worse  
Take off your shoes, your dress and your hair  
I'm going down, I'm going down there  
When tonight we'll see how fair  
You look tonight when we dance on the floor, scream  
yeah

You are the queen of my world  
Why on this earth wasn't I told  
We're gonna live forever

We're gonna die together

You are the queen of my world  
Why on this earth wasn't I told  
We're gonna live forever  
We're gonna fail to weather

Why on this earth wasn't I told  
I'll never fold my uniform  
We're gonna live forever  
We're gonna die together
