Right now

Here we are

And here I'll stay

For as long as you say

I'll never go Don't you know I'll be yours for always

And I don't care what it takes to make you

Understand I'll never leave you

And I don't wanna be standing here

On my own without you

Because I'm NOWHERE if I'm not with you

And I don't care what it takes to prove

There is no way I can stand to lose you now

Because I'm NOWHERE without you

Oh babe If you should leave

Then you'd see

How my heart was torn in two

And then you'd know

All the love I'd show

Just to get back to you

And I don't care what it takes to give you

Everything I ever meant to

And I don't wanna be standing here  
On my own without you No no no  
Because I'm NOWHERE if I'm not with you  
And I don't care what it takes to prove  
There is no way I can stand to lose you now  
Because I'm NOWHERE without you  
I don't even know how I got here  
All I know is that I just want to stay right here  
And every single day you're right here  
Is another chance is another way Baby to stay with  
you.....(for-ev-er)  
There is no way There is no way There is no way I can  
lose you now,  
oh no no
