a man upstairs looks down
see's everythings alright
a car outside slows down
cuz everythings all right
and i just wanna say
"okay, i'm doin fine"
but that's not good enough for me
tried to stay up late
but i was too tired
i tried to get some sleep
but i was too wired
and now shes calling on the phone
but i stay still
i'm not good enough for her
i tell you it is hard to expain
why'd they go and get so tough for me?
i know that it is all in my brain
this needless pain
i gotta go back to zanzibar
where my mind can be cleared
go back to zanzibar
where there's nothin to fear
i just gotta be okay for a little while
well that's good enough for me
???... moves on the ground
with his head in his hands
he doesn't make a sound
just looks up to heaven
and then he tells me
look, it's been a long day
and i agree
walking home too fast
and somethin' is not right
i'm layin down at last
still somethin' is not right
and now theres 20 people just outside my door
(just outside my door)
but i don't care
the problem is, i don't understand
how i got to where i am right now
i think about what i left behind

i lose my mind
i gotta go back to zanzibar
where my mind can be cleared
go back to zanzibar
where there's nothing to fear
i just gotta be okay for a little while (yeah)
i gotta go back to zanzibar
where everything's alright
back to zanzibar (ba dum)
i just gotta be okay for a little while
well that's good enough for me
(that's good enough for me)
(that's good enough for me)
(that's good enough for me)
(that's good enough for me)
(that's good enough, that's good enough for me)
