"Here I am.."
"Here I am.."
"Here I am.."
"Oooh, yeah, here I am.."
"Come and get me!" {*echoes*}

[Twista]

On a rainy day die early morn', my lethal legacy was born
I see any rapper around, 'bout the fuckin mics I left torn
But they won't give me all my peeps, and there's only one shot to get G's
Get love for my MC's at home, but some of them still hate on me
Look how many years I done repped, hustled through the streets in the cold
It's fire but our first rap as ever, signed the contract a decade ago
Put Chi name on records in the East, put Chi name on records in the West
Put Chi name on records in the South, bitch how you gon' open your mouth?
To the motherfuckin industry, why you hate on me and my city?
Would it be an imbalance of power if y'all let Chi niggaz get cheese?
Or is it us holdin us back? Think hard when you rollin your sack
Whatever the case my Chi nigga, if it's in my means I got yo' back
What the fuck's really goin on, does the magazine know we on?
Don't he already know we established myself as Twista Corleone?
Well I'm holdin my city down, ain't goin nowhere, here I stand
You know where I am if you hate me {"Come and get me!"}
If you want me {"Come and get me!"} Here I am

[Chorus]

"Here I am.."

"Oooh, yeah, here I am.."

"Oooh, yeah, here I am.."

"Oooh, yeah, here I am.."

"Come and get me! Come and get me!"

[Twista]

What did I do to deserve, all of this madness around
me

Found me in the studio buryin myself and was smokin
herb

Tried to kick me to the curb

To the back to the ditch to the dump to the shack but I
sprint in the front

in the 'Llac with a fifth and a blunt in the back with a
bitch and a pump

And I'm ready to bust at you hoes, ready to dump
lames in ditches

Steady makin fakers bleed, L.B. family handle business

Comin into Twista's realm, journey with me through the
pain

The hurt just might make you envision drama that
could turn you insane

How much of my chaos bring tears, how many threaten
my career?

How many threatenin to murder me but bitch you know
where I live

Who the fuck do you think I is? Y'all ain't comin at wit no
shotties

Why you think you can hurt like these years, yo all of
my peeps can you sawed

Think you finna bring out my fears? Tell me why my
success make you cry

And why my downfalls make you laugh, but I bet my
hydro got you high

Never let hate back me down, stand forth like a man

If you want me {"Come and get me!"}

Wanna kill me? {"Come and get me!"} Here I am

[Chorus]

[Twista]

We got Geo like Neo, of course we as sourcy as
Morpheus

or we as sick as some Marcus Aurelius alias atheist

Look it's niggaz who flow be the achiest, I'm just a alias

Now why hate me is maybe is cause I'm controllin this
radius

or this world and this whole universe, don't believe let
me spit you a verse

Just when you thought you was worse I come wit worse

that'll make you disperse
My allies know I'm too cold, my enemies know I spit
thangs
My Lords know I bust that thang, my gangstas know
how we still reign
My mobsta family steady ride, L.B. family steady click
While us and other crews collide, choose your weapon
take a pick
Load up, click-clack, it's on - finna bust, get back, run
home
Come at me jokers get whacked with a strap to the
back of the dome
Industry niggaz get gone, heard y'all be stickin Big
Worm
I show you some shit that'll blow you now slow you
down like you siz-urp
The Chi-Town's sacrificial lamb, well here I stand
firm if you hate me {"Come and get me!"}
If you want me {"Come and get me!"} Here I am

[Chorus]
