All alone silence fills my room  
But in a memory I hear you calling me  
Close my eyes and I'm there with you  
Like it was yesterday but then it fades away

Take me back, turn back the hands of time  
When you kissed me in the warm September rain  
(Warm September rain)  
Back before my heart was filled with pain  
If only we could be in love that way again

If wishes came true and all the dreams at night  
Of love were real, I'd be holding you  
If wishes came true

Then I would be that someone  
Always special in your heart  
We would still be lovers, not apart  
If wishes came true

Now you're gone and I'm on my own  
Feeling lost inside since you said goodbye  
In my dreams I still feel your touch  
Lying next to me, feeling ecstasy

Take me back, turn back the hands of time  
When you kissed me in the warm September rain  
(Warm September rain)  
Back before my heart was filled with pain  
If only we could be in love that way again

If wishes came true and all the dreams at night  
Of love were real, I'd be holding you  
If wishes came true

Then I would be that someone  
Always special in your heart  
We would still be lovers, not apart  
If wishes came true

I love you madly, I need you badly  
Give our love one more chance

If wishes came true and all the dreams at night  
Of love were real, I'd be holding you  
If wishes came true

Then I would be that someone  
Always special in your heart  
We would still be lovers, not apart  
If wishes came true
