Moon days what it now I feel  
Let me act just like track do, wait  
Yeah she doing real, boy.

I'ma do it to you, If you do it well  
You give a second shot if you don't kiss and fail  
You heard my voice I bet you do  
You're so fast baby I won't catching you.

Chorus:  
Do it well  
You want me this night get a little bit closer  
Get a little bit closer, yeah yeah  
Do it well  
I wanna feel your heart inside my mind  
When you do it well  
When you kiss not fail  
If you ..need it every move of a life time  
And do it right, I wanna start to fight  
To get a little bit closer closer yeah.

Don't work that, don't work that  
Don't work that, don't work that girl

Maybe you're bit shy, just can't tell you  
Baby tell me why, you got a man  
I ain't see no guys tell em you're busy girl  
Left to get it right I love to stay  
You got this chance girl on the plane I'll see no race for  
you  
'cause it's me and you and the ..  
'cause you ain't ..

[Chorus:]

You disappear walked away in the night  
you got what I like so I'm gonna do you right  
I just wanna be your boy make you down and be my girl  
You can go with this ..  
You could tell me that i'ma ...  
You do it well

I do the doggy style i'm electrified  
They say you ..the fire  
You do the real  
Baby you do the real

[Chorus:]
