Got your name in my Duotang
Oh, loving you is such a shame
Ya touch me once I'm forever changed
Oh hold me girl it wont be that hard
...it won't be that hard
It won't be that hard, no
It won't be that hard
It won't be that hard

You got your cool friends
Well I got my pretend friends to help me win the cards
and I'm at a loss here on the bus

You can take your pretty head
Or leave it here with me instead
Run around in circles girl
It wont be that hard
It won't be that hard
It won't be that hard, no
It won't be that hard
It won't be that hard

You got your cool friends
Well I got my pretend friends to help me win the cards
I'm at a loss here... on the bus
I'm at a loss here...on the bus

To help me win the cards
I'm at a loss here on the bus
