The day I drove you to the fair Undying love was born down there

This ultra-love is what I feel
Those darker forces just ain't real

You're safe alone in here with me You're safe in here alone with me You're safe alone in here with me Alone in here with me you're safe

Alone in here with me you're safe Alone in here with me you're safe Alone in here with me you're safe Alone in here with me you're safe Alone in here with me you're safe
