"Till I Met You"

Once again I'm takin by your love for me.
It's got me thinking it's crazy that you want someone
like me.
No one else can love me the way that you can.
I don't have to understand 'cause now I know that I'll
never be the same.
(chorus)
I was so lonely, so lonely, 'til I met you, Jesus, Sweet
Jesus.
You are the only one that loves me the way that you do.
You're the reason my life is in a better place
And I know nothing can wipe away the smile across my
face.
No one else can love me the way that you can.
I don't have to understand 'cause now I know that I'll
never be the same.
(chorus)
You are my everything.
Now I don't need nothing at all
'cause you are my everything.
